## Team Talk

- ✓ **Starter:** Have you ever studied the topic of BIBLICAL JUSTICE before? Is this a fairly new topic to you?
- ✓ **Community Justice:** Do we American Christians tend to think of our country as a “profoundly inter-related community”? Why or why not? Was it easier for Israelites, Jews, to give up their hard earned labor for others to “glean” in their fields, than it is for us as Americans to think about this point, that what I earn is not all mine to keep?
- ✓ **Equity:** How have you experienced inequity in our culture?
- ✓ **Corporate Responsibility:** What areas of “systemic” or “institutionalized” sin are up for debate right now in our culture? How do you understand the issues. Listen and Learn from each other.
- ✓ **Individual Responsibility:** How does this view make us more gracious toward others?
- ✓ **Advocacy:** “We must have special concern for the poor and marginalized.” How are we doing this in America? How is the Church doing this? How do we need to do better or are we doing enough?”
