  - What do you see in this passage that is a moral characteristic of Cain's descendants, especially Lamech?
  - Have you experienced the anger of a boss in the workplace? What was that like for you?
  - Does the anger of others motivate you or demotivate you?
  - What tends to make you the angriest in your work life?
  - Would those closest to you label you an angry man or merely an intense man? What is the difference, if there is any?
  - What have you learned about defeating anger?
