## TEAM TALK

- ✓ This talk mentioned that the Old Testament is: Hebrew Meditation Literature. What did we mean by that? How does this description of the OT help us as Christians today to think about the OT?
- ✓ With what aspects of Jephthah's early life development do you relate?
- ✓ Talk around the table a bit about some of the factors, good, bad, and indifferent that went into making you into the man you are today. This will help you see the benefits in your life as well as some of the challenges you still face in growth in Christ. (Challenge: Learn how to understand someone by hearing their story.)
- ✓ How can the Gospel of Jesus Christ undo the harmful aspects of our past and move us toward a mature manhood that we would never have envisioned for ourselves?
