HOW WE COOPERATE IN DEVELOPING A PURE HEART

TEAM TALK

Make sure that you understand what Jesus (and the Bible means) by “heart”. Why is it important for men following Christ to have a clear idea of this concept?

Pure Heart: What means does Jesus use spiritually to change our hearts, making them more pure as we follow Him over time? Are you using those means? When we are older men, will our hearts be more pure than they are now? If our hearts are more pure, how does that positively impact our key relationships in life?

The Promise of seeing God: How do you respond to this promise of Jesus? Is this something you desire?
