TEAM TALK

1. What is so stunning about this account in these last chapters of Judges? Is there any wonder no one preaches them and you've probably never even read them before?
2. Why is Benjamin to blame in large part for this civil war?
3. What is the attitude toward women and human life in general in Israel at this time?
4. What are the repercussions of civil war to any nation?
5. Are there any parallels you can see to Israel in this period before King David ascends the Throne in Israel and the U.S. today? What can we learn from this sad history?
