## Team Talk

- ✓ Talk around your tables to make sure you understand the terminology of a paradox verses an antinomy. Then discuss: Why is it so important for Christian men to understand and really have a grip on this concept of God's Sovereignty and our human responsibility in the area of fighting the Evil One? Why is this important in understanding doing evangelism (even though today that is not our major focus).
- ✓ Satanic Power: What have you come to see about Satan's power as it applies to you as a Christ following man? What areas under the first point have you come to see his stunning power?
- ✓ Satanic Strategies: Which of the strategies explained really got your attention? How does Satan really "play" us as Christian men?
- ✓ Temptation: Do we recognize when we are being tempted as men? Why or why not? All men are tempted in the area of the sexual, but in what other areas are we men tempted?
