## TEAM TALK

1. From what was taught today about work, what was NOT new to you and in fact may be something that you have worked to apply in your work life? How has that been working for you?
2. Do you see your job as a calling? Why or why not? How could it change your attitude toward your work if you did see your life as a calling?
3. Why does our work have dignity according to God? How are thought influencers in the U.S. today changing our view of work and what is that doing to us as people?
4. What take away action points do you want to take away from this talk and begin to apply today?
